WHITE RIVER HUB

Pipeline Capacity
~2,500 MDth/d

Pipeline Length
~11 Miles

Pipeline Specifications
30-36" diameter

Williams Ownership
50%

The White River Hub, a joint venture between MountainWest Pipeline, (the hub operator) and Enterprise Products Partners L.P., consists of four miles of 36-inch diameter pipe and about seven miles of 30-inch diameter pipe, plus tie-in and metering facilities. The White River Hub provides more than 2.5 Bcf/d of firm and interruptible transportation service allowing producers, marketers and shippers to access downstream markets for natural gas volumes produced in northwest Colorado's Piceance Basin.
